RE: Product Name: Insectigone Crawling Insect Killer
EPA Reg. No: 59913-1
Application for Label Notification Dated July 28, 2009 to Delete Sentence From
Under Label Directions: "Remove cap and cut tip above the top line with scissors
or knife."

Dear Mr. Mongiovi:

The Biopesticides and Pollution Prevention Division is in receipt of your application for Notification under Pesticide Registration (PR) Notice 98-10 dated above. A preliminary screen of this request has been conducted for its applicability under PR Notice 98-10 and it has been determined that the action(s) requested falls within the scope of PR Notice 98-10. Our records have been duly noted, and the label submitted with this application has been stamped "Notification, received and reviewed" and will be placed accordingly in our records.

Questions concerning this action should be directed to Ms. Diana Hudson at (703) 308-8713 or email at hudson.diana@epa.gov.

Sincerely,

Sheryl K. Reilly

MASTER LABEL-BACK PANEL (Page #1 of 3)

INSECTIGONE® CRAWLING INSECT KILLER is made from a patented formula containing amorphous diatomaceous earth, known as silicon dioxide, and selected baits. Insects come into contact with the powder or ingest it and literally dry up and die within 48 hours. INSECTIGONE® CRAWLING INSECT KILLER is an odorless, non-staining powder that remains effective in the control of insects as long as it is present and kept dry.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS: Unscrew cap and remove protective liner before using. ~~Remove cap and cut tip above the top line with scissors or knife.~~

INDOOR USE: COCKROACHES, ANTS, EARWIGS, SILVERFISH, CRICKETS, MILLIPEDES, AND CENTIPEDES. Lift open spout to desired setting and lightly coat a thin layer of dust in the areas where these pests are found or may hide such as cracks and crevices, behind and beneath stoves, refrigerators, sinks, cabinets, garbage cans, around pipes and drains, window frames, and in attics and basements. Hit insects directly where possible. Repeat treatment as necessary.

FLEAS: Thoroughly dust floor area of pet's sleeping quarters, as well as surrounding cracks, crevices, baseboards, behind pictures and wherever presence of these insects is suspected.

CARPET BEETLES: Thoroughly dust along baseboards, edges of carpeting, under furniture, under carpeting and rugs and in closets and shelving or wherever these insects are seen or suspected.

BEDBUGS: Take bed apart. Dust into joints and channels. If hollow, such as square or round tubing, see that the interior of the framework is well dusted. Mattresses should be dusted, especially tufts, folds and edges. Picture frame molding and all cracks and crevices in the room should be treated.

OUTDOOR USE: EARWIGS, ANTS, CRICKETS, SLUGS, MILLIPEDES, AND CENTIPEDES. Lift open spout and lightly coat the areas where these pests are found or may hide including windows, door frames and sills, and outside of entrance ways. Repeat treatment as necessary.

DOMESTIC PET APPLICATIONS: For control of FLEAS and any other crawling insects that may be seen on dogs, puppies, cats, kittens, ferrets, horses, and other domestic pets. Hand apply a light coating of product against the grain of the fur or hair.

MASTER LABEL-BACK PANEL (Page #2 of 3)

Avoid getting dust in eyes. Apply directly to fleas and other insects when possible. Repeat as needed. Reapply after baths.

Note: A 7 oz. container of Insectigone® Crawling Insect Killer will provide a thorough treatment for an average home or treat a garage and basement. This container is filled to proper weight, but variations in product density may cause varying fill levels.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Avoid breathing dust. Use adequate ventilation. Wear suitable dust mask when using this product during prolonged exposure.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-858-7378 for emergency medical treatment.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Store in a cool dry area away from heat or open flame and inaccessible to children and pets.

DISPOSAL: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Note: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

$$7/7$$

A collection of 15 small, stylized line drawings of various birds, including sparrows, finches, and songbirds, arranged in a grid-like fashion. The drawings are simple, using only outlines and minimal shading to represent the birds' forms and features like beaks and wings.
